WILL BE OVERFLOWED

Break in the Hollybrook Plantation Not to Be Mended.

SOON BE SUBMERGED

With Favorable Conditions the Water Will Not Long Run Through the Crevasse, as Latter Is Five Hundred Feet Wide.

New Orleans, April 4.—The most serious development of the flood situation Friday was the break in the levee at Hollybrook plantation, owned by James G. Pittman. The crevasse is about six miles below Lake Providence, in East Carroll parish. The levee was probably eighteen feet in height and no attempt will be made to mend it. Efforts, however, will be made to hold the ends. Much valuable cotton land will be overflowed. Owing to protracted rains little planting has been done and the damage will be principally in delaying getting seed into the ground. The crevasse is reported to be 500 feet wide. Parts of Tensas, Madison, Concordia, Catahoula and Richland parishes, in addition to East Carroll, will be submerged, the water ultimately returning to the Mississippi through Red river.

Dispatches from the vicinity of the break say with favorable existing river conditions the water will not long run through the crevasse and the damage will be considerably less than that done by Wylly Bass crevasse in the same vicinity in 1893.

The work of strengthening the crib work at Hymelia continued throughout Friday. No signs of weakness in the structure have yet appeared.

The river here Friday fluctuated between 20.2 and 20.3, a slight rise over Thursday, due in all probability to a reduction of the discharge at Hymelia.

BEGAN TO BREAK.

Levee at Friar's Point for a Time Was in Serious Danger.

Memphis, April 4.—A special to the Commercial Appeal from Friar's Point, Miss., says:

A very heavy wind from the west has been blowing for the past twenty-four hours, and the water of the Mississippi have been thrown against the levee at this point with such powerful force and in such enormous waves that much apprehension has been felt for the safety of the embankment. Friday morning the log boom of the levee for its protection was broken and the embankment began to cave for a considerable distance. The logs of the boom were thrown against the levee by the waves with great force and this increased the apprehension. A large force of men was immediately marshalled and put to work sacking the levee and the situation is considered well in hand, and the fear of pressing danger is abating.

Saturday's River Bulletin.

Washington, April 4.—Weather bureau gave out following river bulletin: No news developments in flood situation except that rate of fall at Vicksburg has increased somewhat. Vicksburg, 50.9, fall of 3 foot; New Orleans, 20.1, fall of 1 foot.

Rescued from Steamer.

San Francisco, April 4.—Eighteen passengers and two of the crew of the steamer Albion River, which is fast on the rocks at Bodega Point, were landed at this city by the tug Defiance. Seven men remained on the wreck and were burning signals of distress. The wind was blowing a gale and their rescue was a difficult task. The life saving crew from Point Bonita with its life boat were on the revenue cutter McCullough near the wrecked vessel, and were using every effort to save the men on the lost steamer.

Baldwin to Take Command.

San Francisco, April 4.—Brigadier General Baldwin, who has returned from the Philippines on the troop ship Thomas, will take command of the department of Colorado, recently in the hands of General Funston. Twice he received a medal of honor that is given only for exceptional bravery in the field. He says: "All the fire has been knocked out of the Moros and they are entirely pacified."

Were Deficient in Studies.

West Point, N. Y., April 4.—Cadets W. Howard of Michigan, Malcolm McFarlan of Pennsylvania, William C. Oates, Jr., of Alabama, and Edwin M. Watson of West Virginia, members of the fourth class, were discharged from the military academy, having been found deficient in their studies. Oates is a son of former Governor Oates of Alabama, and Howard's father is a director in the naval academy.

Hunanese Troops March

Shanghai, April 4.—Advices received from Fou Cheng, province of Hu Pei, say a large detachment of Hunanese troops arrived at Fou Chen March 12, on their way to Sian Fu, province of Shen Si. This is regarded as being a confirmation of the rumors that Prince Tuan and General Tung Fuh Siang have sent an ultimatum to the dowager empress insisting on the deposition of the emperor and dethronement of Pu Chuan, formerly their apparent.

ROPED FOR ONE BLOCK

All Approaches to Depot at Lacrosse Thus Arranged,

WELCOME OF TROOPS

The Wisconsin National Guard to the Number of Four Companies Assisted in Greeting to the Chief Executive.

Lacrosse, Wis., April 4.—The presidential train arrived at the Milwaukee depot on schedule time. The president was met at the train by the full committee in charge of the day's arrangements, headed by Congressman Esh. Mayor Boshert, C. S. Van Auker and Joseph Clark. All approaches to the depot were roped off for a block in each direction, and four companies of the Wisconsin National guard, consisting of the Lacrosse companies and companies L of Sparta and K of Toma, were lined up on either side of Second street. Carriages were awaiting the presidential party and escort. The first three carriages were elaborately trimmed red, white and blue, and the horses gaily decorated with ribbons to match.

The president and party were driven to the market square, where the president made an address. The president was extended a greeting by the people of Lacrosse, especially the old veterans, a large number of whom were present. He compared the war of 1861-65 to that with Spain, and said that while his comrades of the lesser war did not have a big job to do, they did it; that the trouble was there was not enough of war to go around. He then discussed the virtues of good citizenship, and referred to portions of his speech delivered Friday at Waukesha regarding citizens of this country speaking evil of other nations.

At the conclusion of the speech the visitors were driven about the city.

The crowds along the route of the parade back to the depot were the largest ever seen in Lacrosse. The presidential train left for Winona and St. Paul amid cheering and waving of handkerchiefs and hats from all who could get within a block of the depot.

IS BITTER.

Controversy Over Paris Gas Franchise Excites Considerable Discussion.

Paris, April 4.—It is reported the project of American capitalists to purchase the Paris gas franchise is playing a considerable part in the present bitter political controversy before the municipal council, aroused by the question of extending the franchise. Several newspapers have asserted that one of the leading companies seeking the franchise is an American, and the Matin said Rockefeller interests controlled four-fifths of its capital. This has brought out sharp letters of denial, which the Matin publishes from several leading French capitalists interested in the company.

After referring to the report that the Rockefeller control concern, the letter says: "Our project is not American, but is French. Its organization will be French and its administration will be exclusively French."

The letter further denies the report that some religious orders own part of the stock.

SANTOS TO DIE.

He Is Found Guilty of Brigandage Abduction and Gets Death Penalty.

Manila, April 4.—Colonel Julian Santos, former aide-de-camp of the late General San Miguel, who participated in San Miguel's operations, and was captured over a month ago by Governor Daniel Rigard of Rizal province, personally, has been found guilty at Pasig before Judge Crossfield of brigandage, abduction and disarming the police at Novaliches, and sentenced to death. The case will be appealed.

Conferred at St. Louis.

St. Louis, April 4.—Representatives of the Wabash Railroad company and labor organizations to which its trainmen and firemen belong resumed conference over the agreement as to new rules to govern employees and wages to be paid them. Col. Blodgett, general solicitor of the Wabash, stated there were still some matters of detail to be decided on before the agreement would be signed.

The only survivor now of the seven founders of the Psi Upsilon society is General Edward Martindale of San Diego, Cal.

HUNTER & ...CHATHAM,

MEN'S FURNISHERS.

The Shakespeare Club held its regular meeting Thursday, April the second. The club was called to order by the president and twenty ladies answered to roll call with quotations about "Shakespeare's Flowers." After the business session the club enjoyed the following well prepared program: "Shakespeare's Portrayal of Child Character"—Miss Batte; "The Purpose of Shakespeare's Subordinate Characters"—Mrs. Bradley. These two papers showed that although the club year is drawing to a close, and the study of the drama completed, yet the interest has in no way died out, and the members respond to the remaining duties with much enthusiasm. Mrs. Withers led the table talk, "Music in France," and made the subject very interesting. Mrs. W. E. Astin and Mrs. B. B. Stone, both ex-members of the Shakespeare Club, were guests for the afternoon and received cordial invitations to meet with the club until the close of the year. At 8 o'clock the club adjourned to meet Thursday, April 9, with Mrs. J. H. Webb.

Of all the pleasant meetings of the Bachelor Girls' Club, not in the least to be overlooked was the one held at the home of the popular vice-president, Miss Elma Harbers, last Wednesday afternoon. A goodly number were out and soon the hostess plunged her guests into the deepest study—thinking of all the geographical names under the letters A, B, C, D, E, F—five minutes being allotted to each letter. At the close Misses Read and Rhodes were found to be the most successful thinkers and the latter the more successful in cutting for the prize which was a daintily framed picture. Miss Cora Griffin was awarded the guests' prize—a box of bon bons, and Miss Martha Watkins the consolation prize. The refreshments served were stuffed bananas and angel food cake with grape juice. The guests of the hostess, besides club members, were: Miss Froelich of Navasota, Misses Griffin, Cora Griffin and Roberts. The club anticipates a very pleasant afternoon next Wednesday with Miss Josie Ford Kendrick.

Mrs. Anderson was hostess of the Woman's Reading Club Tuesday. It was a great pleasure to have Mrs. Oliver as guest at this meeting. No business of importance was transacted, except receiving Miss Bettie Johnson into the club as a member. The lesson was the first on Southern writers. Mrs. Taliaferro read a paper on William Gilmore Simms and Mrs. Ford gave the life of John Estlin Cook. There was a reading from one of Timrod's war poems. A sketch of Paul Hamilton Hayne and reading were given by Mrs. Raysor. A table talk on Millais finished the evening.

program. Before adjournment, Mrs. Taliaferro presented a gavel to the club, made of mountain laurel which grew on the far famed peaks of Otter. Mrs. Raysor, in the name of the club, thanked Mrs. Taliaferro for the lovely gift and the beautiful sentiment so charmingly expressed in presenting it.

The delegates from the Shakespeare Club to the Fourth District meeting in Waco will be entertained as follows: Mrs. A. J. Buchanan with Mrs. Foscoe, president of the City Federation of Waco Clubs; Mrs. John Hines will be the guest of Mrs. L. S. Ross; Miss Lillian Parks will be a guest of the Sandford-Shepard home; Mrs. Tyler Haswell will visit Mrs. J. L. Hill; Mrs. W. S. Howell with Mrs. W. M. Foster; Mrs. W. H. Oliver will be the guest of Mrs. M. Bain, and Miss Loula Coulter a guest of Mrs. E. R. Nash.

On Thursday, April 23, the Shakespeare Club will entertain the Sul Ross Chapter of the Daughters of the Confederacy. The occasion is "History Day" with the Shakespeare Club, and their guests will be invited to take part in their program which will be announced later.

The young ladies of the Bachelor Girls Club will give a german complimentary to the young men at the Light Guard armory Monday evening. Very elaborate preparations are being made.

Mrs. Geo. W. Winter entertained the Fancy Work Club Tuesday afternoon and the ladies spent a few hours most delightfully with conversation and needle work. A salad course, cake and cream were the tempting refreshments served. In addition to the members of the club those present were Mesdames Ed S. Derden, McQueen, G. S. Parker, W. Wipprecht, Nagle, Burger, Ed Hall, Felder, Misses Nonie Adams, Robinson, Jones, Zuber. The club will meet next Tuesday with Mrs. Tilson.

BALL GAME AND DEBATE

Allen Academy vs. the Houston High School—Lively Contests.

The air was rife with school spirit in Bryan yesterday and the colors of Allen Academy and Houston High School were everywhere in evidence. Great interest had previously been awakened in the ball game and debate between the two schools, and the boys themselves, on both sides, were in an attitude of strenuous expectancy. The principals and a large number of the Academy boys were at the H & T C depot to meet the visitors from Houston at 10:18 yesterday. The latter came in headed by Prof. W. G. Smiley, principal of the Houston High School, and Mr. Charley Folse, an instructor. There were about twenty-five boys and a number of Houston ladies, Mrs. F. M. Gray, Miss Maebelle Delesdernier, librarian of the High School, Misses Sadie Winder, Lillian Liddstone, Mabel Roussel, Idelle Blackburn and Mae Mather. Mr. and Mrs. George Glass of Houston, who have two boys at the Academy, were also here. Mr. Glass is tax collector of Harris county.

The visitors were all taken in charge and made to enjoy a good time all day. In the afternoon the Allen Academy Campus became the center of interest, and large crowds gathered to witness the initial base ball game between the two schools. The teams and positions assigned are indicated below.

Allen Academy:	Houston

Wilson and Priester were substitutes for Houston and Proctor and Buchanan for the Academy. Campbell is manager of the High School team and Buchanan of the Academy. Platt of College was umpire.

The game was spirited, close and very interesting to the spectators who cheered their favorites with great enthusiasm. The result was a victory for the visiting high school boys by a score of 8 to 7.

The debate took place at the opera house last night. The subject was "Resolved, That the poet has been a greater benefactor to mankind than the statesman." The affirmative was championed by Mac Green and Roy Buchanan of the Allen Academy and the negative by V. Windef and H. Freeman of the Houston high school.

The speeches showed close study of the subject and much ability on the part of the speakers who gave evidence of correct and careful training. After deliberating upon the argument the judges, Dr. J. D. West of this city, Hon. McDonald Meachum of Navasota and Hon. Edgar Watkins of Houston, rendered a decision in favor of the negative.

Splendid music was supplied during the evening by the Allen Academy orchestra.

NO FURTHER BREAK.

This Was the News Received Saturday at the City of New Orleans.

New Orleans, April 4.—It is thought probable the heavy gale along the river Friday night did considerable damage to the levees. No news came that there had been any further break in the Louisiana line. The wind died out and the weather became colder, but clear. The government gauge recorded 20.1, a decline of one-tenth. Work at Hymelia was stopped Friday night owing to the force of the blow, but resumed later.

GAMES CONDEMNED.

Lexington Presbytery Objects to Football Baseball and Basketball.

Nevada, Mo., April 4.—The annual Lexington presbytery, in session here, passed resolutions condemning the game of football and inter-collegiate games of baseball. The objection made against football is based upon the ground of the game being a brutal contest. The objection to match games of baseball and basketball was that they open avenues to gambling. These resolutions will go before the Presbyterian synod, and as the resolutions were passed by the Lexington presbytery, the strongest in Missouri, it is believed the synod will adopt the resolutions.

Brakeman Burned to Death.

Santa Rosa, N. M., April 4.—In a rear end collision at Guadalupe Station, on the Santa Fe road, one man was killed and three others seriously injured. The man killed was Brakeman Munger.

The wreck was caused by a severe sandstorm that prevailed at the time. Ten freight cars were piled up by the accident and burned with their contents. Brakeman Munger was caught under the wreckage and burned to death.

Haytien Cabinet Resigns.

Port au Prince, Hayti, April 4.—The cabinet has resigned owing to the senate having passed a vote of censure against the ministers for their failure to take proceedings against those who were responsible for the interruption of the sitting of the chamber of deputies March 30 by firing of rifle shots. It was reported at the time that the disturbance was due to complicity of certain ministers.

Amount Reported Stolen.

Chicago, April 4.—A dispatch to the Tribune from Lawton, Okla., says that according to the officials of the bank at Leger, which was robbed by three men, who escaped after fatally shooting a citizen, currency to the amount of \$5,000 was taken. A large Indian payment was due, and the funds were in the bank.

Dropped Forty-Six Degrees.

Cleveland, O., April 4.—A fierce storm swept down upon northern Ohio, playing great havoc with telephone and telegraph wires, and lashing Lake Erie into a sea. The rain turned into snow and the temperature in thirty-six hours dropped forty-seven degrees. Railroad traffic was delayed.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

FORAKER FINISHES.

Ohio Senator Concludes His Arguments and Decision to Be Filed.

Nashville, Tenn., April 4.—Senator J. B. Foraker, representing complainants in the injunction case of Talbot J. Taylor & Co. vs. the Southern Pacific and Union Pacific railway companies, which has been before the United States circuit court here for the past four days, concluded his argument at 11:30 o'clock Friday morning. Judge Lurton thereupon announced that he would take the bill and answers under advisement, and would file his decision with the clerk of the United States circuit court at Louisville, Ky., on Monday, the case falling within the

SENATOR JOSEPH B. FORAKER.

Western Kentucky district. Court then adjourned and the distinguished counsel who have been in attendance left for their homes.

Senator Foraker, in closing, said the important question was restraining the Union Pacific from voting the Southern Pacific stock at the annual meeting. He contended that the two roads were competitors and the tendency was towards centralization and monopoly. Senator Foraker read an affidavit from Kenneth G. White, showing a statement of the operations of the Southern Pacific from June 30, 1902, to January, 1903.

MILWAUKEE'S GUEST.

President Roosevelt Was Entertained - Guest in That City.

Milwaukee, Wis., April 4.—Roosevelt was Friday the guest of the Milwaukee Merchants and Manufacturers' association at a banquet at the Plankinton hotel, the occasion being the same of the president's ten-hour visit to Milwaukee. Covers were laid for 530 representative citizens. The president sat in the center of a long table with other guests of honor. United States Senator Quarrels sat on the president's right while E. A. Wadhams, president of the Milwaukee Merchants' and Manufacturers' association, sat on his left. Extending in opposite directions from the president's table were twelve other tables, at which the members of the association and their friends sat. After the banquet had been served, Toastmaster Wadhams introduced President Roosevelt, who responded to the toast, "The President of the United States." The president too this occasion to give his views on the subject of trusts.

He addressed the public at the exposition.

TURNER'S STAR.

It is in the Constellation of Gemini and of Much Brightness.

San Jose, Cal., April 4.—W. W. Campbell, director of Lick observatory, says: "Our first opportunity to catch a glimpse of the new star discovered by Turner at Oxford, Eng., in the constellation of Gemini, occurred Wednesday at the close of a long spell of stormy weather. Excellent observations of it were secured on Thursday night. Its visual magnitude is about 8 1/2, though photographically its full magnitude is brighter than this, on account of the richness of the star in photographic rays. Its spectrum contains numerous bright bands, the most conspicuous being those due to hydrogen. The history of previous new stars leads us to expect that the nature of this object will change, and in course of a few weeks or months it will become nebula. In fact, our study of the spectrum of recent stars leaves little doubt that any formations have carried it along nearly to a nebula state. The position of the star is 6 hour 37 minutes 48 seconds and north declination 0.03."

Broke the Bank.

New York, April 4.—The Marchese Carlo di Rudini, son of a former Italian premier, in the course of a play recently broke the bank at Monte Carlo at roulette, which means he won at least \$10,000, says the Herald's correspondent in Paris.

SENSATION AT RUSK

Former Financial Agent Busby Is Charged With Misapplication.

INVESTIGATION IS ON

District Attorney Thinks the Amount Involved Will Come Under Sum of One Hundred Thousand Dollars in Cash.

Rusk, Tex., April 4.—Rusk people were excited and shocked Friday as they have never before been in years. The meeting here the latter part of the week of Financial Agent Wortham and Superintendent Baker of the penitentiary with District Attorney Imboden and their close consultation out at the penitentiary excited some comment, but not until Friday did it become known that there was a shortage in the finances of the penitentiary here.

Affidavits were made before District Attorney Imboden Thursday against A. S. Busby, who last month retired from the office of assistant financial agent, charging him in five cases with the fraudulent misapplication and conversion of state funds amounting to several thousand dollars.

None of the penitentiary officials will say what the shortage is and none of them seem to know. Mr. Wortham states that new discoveries are being made almost every hour, and that as the books are in a most confused state, there being no item whatever of some important transactions, it will likely be months before anything like all the facts in the matter can be known.

He also says that merchandise and other things of value have been taken away from the penitentiary without a charge against anybody, and much of the shortage will never be known. Superintendent Baker has gone home.

District Attorney Imboden says that he does not believe the shortage will reach the hundred thousand mark, but how much less than that amount he refuses to vouchsafe a prediction.

Sheriff Summers is in Houston after Busby.

Telegrams have been sent to Houston, Galveston, Dallas, Fort Worth, San Antonio, Austin, El Paso, Laredo, Gatesville and upper points in the state for his arrest.

RANSOM HANGED.

Pays the Extreme Penalty of the Law for Taking the Life of Another.

Georgetown, Tex., April 4.—Sheriff Sam Connell pulled the trigger Friday that shot John Ransom through the trapdoor of the scaffold, instantly breaking his neck. In fourteen minutes his heart ceased to beat. He was placed in a coffin by attending officers and physicians and consigned to the manager of the county farm for interment.

John Ransom was convicted at the July term of the district court for the robbery and murder of Wesley Rucker, a local farmer, near Circleville. Ransom was twenty-eight years old. He was baptized just before his execution. He expressed regret for the murder.

Old Time Darkey Dead.

Denton, Tex., April 4.—Uncle Jim Forrester, an ex-slave, and one of the oldest settlers of this county, having come here with his master in 1850 is dead. During the civil war he was intrusted with a considerable sum of money to take inside the federal lines and attend to some business for his master's family, who were Confederates, and he transacted the business satisfactorily, returning with a receipt for the money.

List Soon to Be Published.

Austin, April 4.—Land Commissioner Terrell stated that the list of landers forfeited for non-payment of interest will be completed and published by approximately May 1. This list will not be as large as in past years, as it will contain less than 500 names.

Duel About a Dog.

Muskogee, I. T., April 4.—Arthur Reed and Jack Gilly engaged in a duel. Reed killed a dog that belonged to Gilly some time ago, and when they met hot words ensued and both drew guns. Reed was on horseback, and when Gilly drew his gun he dropped on the other side of the horse. Gilly and Reed exchanged shots. Reed was hit in the leg and one bullet went into the horse's shoulder. Gilly was hit, but disappeared in the darkness.

White Man Twice Shot.

Caddo, I. T., April 4.—Frank Ray, a white man, was shot in a wrist and the bowels. Rena Clinton, a negro woman, was arrested.

Ladrones Defeated.

Manila, April 4.—A mixed force of scouts and constabulary, numbering 175 men, defeated 200 Ladrones in two fights near Idan, province of Cavite, killing seven of the enemy and wounding twelve. The government force had no casualties.

Steamers Arrive.

Paris, April 4.—The ministry of marine received a dispatch from St. Pierre, Miquelon, announcing the safe arrival there of the overdue French steamers Burgundia and Notre Dame Du Salut, which sailed from St. Malo, France, March 17, for St. Pierre, each having about 300 passengers on board.

Clara Morris Very Low.

Yonkers, N. Y., April 4.—Clara Morris had another sinking spell and it is said there is no hope of her ultimate recovery.
